Note: Most of the project is worked in the round. Use a stitch marker or a scrap piece of yarn to mark the beginning of each row. Then you don't

have to count every row. Do not join unless instructed to.

Parentheses indicate a repeat. Repeat the stitches in the parentheses for the number of times indicated.

The bracketed number [] is the number of stitches at the end of each row.

I spread my increases out so there isn't a seam on the finished piece. If you do not like this method, you can do regular increases.
